We had a vision, to form a new corporate entity in the shipping industry aiming to serve the growing needs of that specific trade and render services of top quality to our clients.

African Mediterranean Shipping S.A. was established to set new standards in the trade and create with its customers relationships of mutual benefit.

Our Management Team consists of remarkable businessmen and exceptional professionals. Both of them combine their knowledge in developing business along with their extensive experience in the timber trade and their involvement in maritime industry. The aforementioned experience and the know-how of the sector is the key factor that differentiates the company from the competition and provides the necessary confidence to its clients and its associates.
